Wisdom For The Week:

(Contributed by Walter Howard..... Thanks Walter)

"If Tomorrow Never Comes"

If I knew it would be the last time
that I'd see you fall asleep,

I would tuck you in more tightly
and pray the Lord, your soul to keep.

If I knew it would be the last time
that I see you walk out the door,

I would give you a hug and kiss
and call you back for one more.

If I knew it would be the last time
I'd hear your voice lifted up in praise,
I would video tape each action and word,
so I could play them back day after day.

If I knew it would be the last time,
I could spare an extra minute or two
to stop and say "I love you,"

instead of assuming you would KNOW I do

If I knew it would be the last time
I would be there to share your day,
well I'm sure you'll have so many more,
so I can let just this one slip away.

For surely there's always tomorrow
to make up for an oversight,
and we always get a second chance
to make everything right.

There will always be another day
to say our "I love you's",

And certainly there's another chance
to say our "Anything I can do's?"

But just in case I might be wrong,
and today is all I get,

I'd like to say how much I love you
and I hope we never forget,
Tomorrow is not promised to anyone,
young or old alike,

And today may be the last chance
you get to hold your loved one tight
So if you're waiting for tomorrow,
why not do it today?

For if tomorrow never comes,
you'll surely regret the day,
That you didn't take that extra time
for a smile, a hug, or a kiss
and you were too busy to grant someone,
what turned out to be their one last wish.

So hold your loved ones close today,
and whisper in their ear,
Tell them how much you love them

and that you'll always hold them dear
Take time to say "I'm sorry," "Please forgive me,"
"thank you," or "its okay".
And if tomorrow never comes,
you'll have no regrets about today.

The Joke for the week

ANY ONE WHO BUYS A DELL COMPUTER

Now you know why so many funnies are missing. My computer crashed and I lost everything. Could I sell you on the idea of having an external hard drive with a backup of all your files?
