## Wisdom For The Week:

To be stubborn is good if it is tenacity  
To be stubborn is bad if it is rebellion

To be stubborn is good if it is endurance  
To be stubborn is bad if it is defiance

Cordell Vail

~~~~~

MoNdAy FuNnIeS

This was actually a joke about Norway that Hannu Hakkinen sent me from Finland (thanks Hannu). I just could not resist... I changed it and added a little to fit our times...

We all know about the Florida butterfly ballot mess and how hard it is for some people to understand it. Well to make things worse, now there is a new virus spreading around. It is called the BUTTERFLY VIRUS. It only effects the computers of people who want to RE-VOTE because they made a mistake. It is a MANUAL VIRUS. When you get the email with BUTTERFLY in the subject line, you just manually delete your own hard drive.

Here are some good Florida jokes contributed by Alan Vail.... Thanks Alan).

New Florida Bumper Stickers:

FLORIDA: If you think we can't vote, wait till you see us drive.

FLORIDA: We count more than you do.

FLORIDA: If you don't like the way we count then take I-95 and visit one of the other 56 states.

FLORIDA: We've been Gored by the bull of politics and we're Bushed.

FLORIDA: Relax, Retire, Re-Vote.

FLORIDA: What comes after 17,311?

FLORIDA: Where your vote counts and counts and counts.

Or

Palm Beach County: So nice, we let you vote twice.

Palm Beach County: We put the "duh" in Florida.

Also just in:

Sign on I-95 : Florida this way, no that way, 5 miles, wait 10 miles.

Make it a wonderful and happy week!!!!
The happy friends in your life,
