All I Really Need To Know I learned From Noah's Ark

1. Don't miss the boat.
2. Don't forget that we're all in the same boat.
3. Plan ahead. It wasn't raining when Noah built the ark.
4. Stay fit. When you're 600 years old, someone might ask you to do something REALLY BIG.
5. Don't listen to your critics, just get on with what has to be done.
6. Build your future on high ground.
7. For safety's sake, travel in pairs.
8. Two heads are better than one.
9. Speed isn't always an advantage; the snails were on board with the cheetahs.
10. When you're stressed, just float for a while.
11. Remember that The Ark was built by amateurs; The Titanic was built by professionals.
12. Remember that woodpeckers inside are a larger threat than the storm outside.
13. No matter the storm, when you're with God there's a rainbow waiting.

Saying It The Right Way

Morris and his wife Sherry were planning a vacation. They ended up in an argument, "It's pronounced 'Hawaii', I'm telling you!" Sherry said.

"I never KNEW someone so stubborn! 'Havaii' is how it's pronounced!" he replied.

And so it went, all the way to the vacation...

As they got off the airplane, they passed by a man. Morris abruptly stopped his wife and turned to the man to ask, "Now that we're on the island, you can settle an argument between my wife and me. Is this 'Hawaii' or 'Havaii?'"

"This is Havaii," the man replied.

"Ha!" the husband gloated to his wife. "See, didn't I tell you never to argue with me?"

As they began to walk away, Morris turned back and gave the man a hearty "Thank you!"

"You're Velcome!" he called back.

Make it a wonderful and happy week!!!!

The happy friends in your life,
