## Wisdom For The Week :

"It is in your moments of decision that your destiny is shaped."

- Anthony Robbins

A man and his wife were having an argument about who should brew the coffee each morning.

The wife said, "You should do it, because you get up first, and then we

don't have to wait as long to get our coffee."

The husband said, " You are in charge of the cooking around here and you

should do it, because that is your job, and I can just wait for my coffee."

Wife replies, "No you should do it, and besides it is in the Bible that the

man should do the coffee."

Husband replies, " I can't believe that, show me."

So she fetched the Bible, and opened the New Testament and shows him at the

top of several pages, that it indeed says

"HEBREWS"

## Consumer Tips

(Contributed by Margo Matthews.... Thanks Margo)

COKE

No wonder coke tastes so good

1. In many states (in the USA) the highway patrol carries two gallons of Coke in the truck to remove blood from the highway after a car accident.
2. You can put a T-bone steak in a bowl of coke and it will be gone in two days.
3. To clean a toilet: Pour a can of Coca-Cola into the toilet bowl and let the "real thing" sit for one hour, then flush clean. The citric acid in Coke removes stains from vitreous china.

4. To remove rust spots from chrome car bumpers: Rub the bumper with a crumpled-up piece of Reynolds Wrap aluminum foil dipped in Coca-Cola.

5. To clean corrosion from car battery terminals: Pour a can of Coca-Cola over the terminals to bubble away the corrosion.

6. To loosen a rusted bolt: Applying a cloth soaked in Coca-Cola to the rusted bolt for several minutes.

7. To bake a moist ham: Empty a can of Coca-Cola into the baking pan, wrap the ham in aluminum foil, and bake. Thirty minutes before the ham is finished, Remove the foil, allowing the drippings to mix with the Coke for a sumptuous brown gravy.

8. To remove grease from clothes: Empty a can of coke into a load of greasy clothes, add detergent, And run through a regular cycle. The Coca-Cola will help loosen grease stains. It will also clean road haze from your windshield.

FYI:

1. The active ingredient in Coke is phosphoric acid. Its pH is 2.8. It will dissolve a nail in about 4 days.

2. To carry Coca-Cola syrup (the concentrate) the commercial truck must use the Hazardous material place cards reserved for Highly corrosive materials.

3. The distributors of coke have been using it to clean the engines of their trucks for about 20 years!

~~~~~  
Make it a wonderful and happy week!!!!
The happy friends in your life,
