Our attempt to help you smile every Monday Morning

~~~~~  
There have been a couple of people ask me again why I some times do and some times don't give credit to who sent the jokes or wisdom in the FuNnIeS. When I get the same joke from 3 or 4 people I just leave the names off. If I get it from more than 5 I don't send them at all because I assume everyone already has seen them. Please don't be offended if you send me something that I put in and don't give you credit, and please do keep sending them to share with others....

## Wisdom For The Week :

If you don't read books

You are no better off than those who cant !

(Contributed by John Bernhard... Thanks John)

You know you're living in 2004 when...

1. You accidentally enter your password on the microwave.
2. You haven't played solitaire with real cards in years.
3. You have a list of 15 phone numbers to reach your family of 4.
4. You e-mail the person who works at the desk next to you.

5. Your reason for not staying in touch with friends and family is that they don't have e-mail addresses. (OK JOHN DON'T RUB IT IN... cordell)

6. You go home after a long day at work you still answer the phone in a business manner.

7. You make phone calls from home, you accidentally dial "9" to get an outside line.

8. You've sat at the same desk for four years and worked for three different companies.

10. You learn about your redundancy on the 11 o'clock news.

11. Your boss doesn't have the ability to do your job.

12. You pull up in your own driveway and use your cell phone to see if anyone is home before you bring in the groceries.

13. Every commercial on television has a website at the bottom of the screen.

14. Leaving the house without your cell phone, which you didn't have the first 20 or 30 years of your life, is now a cause for panic and you turn around to go and get it.

15. You get up in the morning and go online before getting your coffee.

16. You start tilting your head sideways to smile. :)

17. You're reading this and nodding and laughing.

18. Even worse, you know exactly to whom you would like to have read this.

19. You are too busy to notice there was no #9 on this list.

20. You actually scrolled back up to check that there wasn't a #9 on this list.

AND NOW YOU ARE LAUGHING at yourself.

## Consumer Tips

(Contributed by Jeanne Laudenberg Thanks Jeanne)

If you have kids you may want to know that mayonnaise will KILL HEAD LICE, it will also condition their hair at the same time.

## CONSUMER WEB PAGE :-)

Go there to read about alternative fuel sources.

<http://www.goldenmailbox.com>

My goal is to get 1000 people to build a hydrogen engine. A high school student can do it! But then of course, service stations will start charging for water.... ha ha ha (well they do now for air)

I heard on the news recently that the price of oil is not going down so "WE SHOULD GET USED TO THE PRICES AT THE GAS PUMP". Maybe they should read this web page and see what we are about to do to change that!!!!!!!
