## MoNdAy FuNnIeS

Here is a funny one from the October 2004 Readers Digest page 145

Adam returned home late on night, and Eve confronted him at the door.

"You're seeing another woman, aren't you?" she accused.

"Don't be silly," he replied. "You know you are the only woman on the earth".

Later, while half-asleep, Adam felt a tickle on his chest.

"What are you doing?" he asked Eve.

"Counting your ribs."

## ConsumerTipS

Did you know that vinegar and soda will work just like Drano to unclog a drain but is much safer to keep around? The foaming action breaks up the clog. But it works better on a slow drain than one that is totally plugged. If

the sink if full of water, then you have to dip all the water out of the sink so the soda can mix with the existing water in the stopped up drain pipe. Then when you pour the vinegar in, the foaming starts its magic. You might have to repeat it a couple of times of very stubborn clogs. When all else fails go back to the Drano or Liquid Plumber. It almost always works.
