(Contributed by Clint Long.... Thanks Clint)

(you have to sort of be a science geek to get a couple of these...)

## Ratios

1. Ratio of an igloo's circumference to its diameter = Eskimo Pi
2. 2000 pounds of Chinese soup = Won ton
3. 1 millionth of a mouthwash = 1 microscope
4. Time between slipping on a peel and smacking the pavement = 1 bananosecond
5. Weight an evangelist carries with God = 1 billigram
6. Half of a large intestine = 1 semicolon
7. 1,000,000 aches = 1 megahurtz
8. Basic unit of laryngitis = 1 hoarsepower

9. Shortest distance between two jokes = A straight line

10. 453.6 graham crackers = 1 pound cake

11. 2 million bicycles = 2 megacycles

12. 2000 mockingbirds = 2 kilomockingbirds

13. 1 millionth of a fish = 1 microfiche

14. 10 rations = 1 decoration

15. 100 rations = 1 C-ration

(If you didn't get some of them you might want  
to sign up for physics next semester ha ha ha)

## Consumer Tips

(Question from Stef Burns... )

My kids wrote all over my linoleum with a permanent marker. Do  
any of you know how I can get it out?  
Steff

~~~~~

Steff....

I know that regular white board dry erase marker will take  
permanent marker off a white board but I have never tried it on  
linoleum. Be sure to try it in a closet or under the corner of a  
sink where it wont show first so if it damages the floor it wont  
show.
