MoNdAy FuNnIeS

This could be a true story ?

I was having trouble with my computer. So I called Harold the computer guy, to come over. Harold clicked a couple of buttons and solved the problem.

He gave me a bill for a minimum service call.

As he was walking away, I called after him, "So, what was wrong?"

He replied, "It was an ID ten T error."

I didn't want to appear stupid, but nonetheless inquired, "An, ID ten T error? What's that .. in case I need to fix it again?"

The computer guy grinned....

"Haven't you ever heard of an ID ten T error before?"

"No," I replied.

"Write it down," he said, "and I think you'll figure it out."

So I wrote out

I D 1 0 T

I used to like Harold...

(I wouldn't publish this joke except that one time I paid Data General to come out to see why my monitor would not come on. I did every thing to fix it my self. I even took the computer apart trying to fix it. The repairman did not even take off his coat. He just looked at the system, smile and said the monitor was not plugged in. He did not charge me for the service call. Probably because he was laughing too hard to fill out the bill..... Cordell)

## Consumer Tips

This time of year is a good time to get rid of mold if you have it in your area. (like around the grout in your bath tub) You don't need to buy expensive chemicals. Just mix bleach 1/2 and 1/2 with water and put it in a spray bottle.
