Wisdom For The Week :

(One of my co-workers said something this week that I thought was just profound... it was said by Don Denny at WSIPC, Everett WA... Thank you Don for this reminder)

But when the day is done,
our collective strengths
overcome our weakness
and together we accomplish a great deal.
Don Denny

Can you cry under water?

Why do you have to "put your two cents in"... but it's only
a "penny for your thoughts"? Where's that extra penny going to?

Why does a round pizza come in a square box?

What disease did cured ham actually have?

How is it that we put man on the moon before we figured out it would be a good idea to put wheels on luggage?

Why is it that people say they "slept like a baby" when babies wake up like every two hours?

If a deaf person has to go to court, is it still called a hearing?

Why are you IN a movie, but you're ON TV?

Why do people pay to go up tall buildings and then put money in binoculars to look at things on the ground?

Why do toasters always have a setting that burns the toast to a horrible crisp, which no decent human being would eat?

If Jimmy cracks corn and no one cares, why is there a stupid song about him?

Can a hearse carrying a corpse drive in the carpool lane?

If the professor on Gilligan's Island can make a radio out of a coconut, why can't he fix a hole in a boat?

Why does Goofy stand up while Pluto remains on all fours?
They're both dogs!

If Wiley E. Coyote had enough money to buy all that ACME stuff, why didn't he just buy dinner?

Do the Alphabet song and Twinkle, Twinkle Little Star have the same tune?

Why did you just try singing the two songs above?

Did you ever notice that when you blow in a dog's face, he gets mad at you, but when you take him for a car ride; he sticks his head out the window?

Do you ever wonder why you gave me your e-mail address in the first place?

Consumer Tips

Every one probably already knows this, but if you put a box of baking soda in the refrigerator and in the freezer it helps absorb bad odors like onions and keeps the odor from spreading to other foods. Change it once every 6 months

Speaking of every six months **DID YOU CHANGE THE BATTERIES IN YOUR SMOKE ALARMS WHEN YOU TURNED THE CLOCKS AHEAD?** Good habit to get into every 6 months as well. Could save your life.

And don't unplug the battery because you burned the bacon and it is going off. You might forget to plug it back in when the smoke clears. If you cant stand the sound, wave a towel at it and that usually will turn it off. If not just unclip it off the wall and set it out side the door until the smoke from your burned bacon clears. Then hang it back up. **NEVER ... NEVER UNPLUG THE BATTERY TO STOP IT FROM GOING OF.... PROMISE?**
