

# MoNdAy FuNnIeS

07 May 2007

From Cordell & Janice Vail

---

The MoNdAy FuNnIeS were started on the 22nd of Sept 1997.  
That is 10 years of trying to help you smile every Monday Morning.

Now that is a lot of smiles!

## Wisdom For The Week :

A thermostat controls its environment.

A thermometer is controlled by it's environment.

We have to decide which we will be in our own life.

(Clint Long has been helping his kids with mat after school. Here is a little lesson in new math for you.... Thanks Clint)

Did you know that 25 divided by 5 = 5 and 5 X 5 also = 25?

Here is how it works by division

$$\begin{array}{r} 5 \overline{) 25} \\ \underline{5} \phantom{0} \\ 20 \phantom{0} \\ \underline{20} \\ 0 \end{array}$$

Using normal division. 5 wont go into 2 so you have to divide 5 into 5. It will go one time. Put the 1 up top. Now we know 5 from 5 =

0, so put the 0 under the 5 minus 5. Now bring down the 2. That gives you 20. Now it is easy to see that 5 will go into 20 four times. Put the 4 up top by the 1 that makes 14

If you still don't understand, we can prove it by multiplication

14

14

14

14

14

---

25

How?

Fist add the 4's  $4+4+4+4+4 = 20$

Now add the 1's  $1+1+1+1+1=5$

So there you have it  $20 + 5 = 25$

So you see  $25/5 = 14$  and  $14 \times 5$  also = 25

It is that simple and now you know !!!!

# Consumer TipS

We had a news item here in Seattle that you might be interested in. It was on KOMO 4 news by Herb Weisbaum our consumer man. He said that if you take prescription drugs you need to check with your doctor before eating grapefruit. It changes the effectiveness of the medicine. You can read his article at <http://www.komoradio.com/news/herb/7312391.html>

I also noticed they had a similar article in the February 2007b Readers Digest on page 70 under the title "Grapefruit Warning".

## Emergency Preparedness

# TIP S

I have had so many people ask me if I would put all the gardening tips in one place so they could see them, that I have decided to create a web page where all the gardening tips can be combined with my other emergency preparedness tips, (because they are a subset of that web subject). You will be able to see the new web page at [www.goldenmailbox.com/ep](http://www.goldenmailbox.com/ep) but I have not had time to get much of it there yet. In a few weeks, they will all be there where you can look them up. It will take me a little time to do that. So each week from now on when we have gardening tips or other emergency

preparedness tips in the **M oN dA y F uN nI eS**, they will also be posted to the emergency preparedness tips web page, where you can look up past tips. If you have any ideas you would like to share with others, please send them along to me so we can include them. Sharing from others, is where most of these ideas come from.

(coming soon....See past tips at: [www.goldenmailbox.com/ep](http://www.goldenmailbox.com/ep) )

---

Make it a wonderful and happy week!!!!  
The happy friends in your life,
