Wisdom For The Week :

You can't teach an old dog new tricks!
But we are not dogs and life's lessons are not tricks!

Say What? (true story)

A woman went into a copy shop to make copies of a large amount of material. As a part of that material she asked them to make a copy of her driver's license, birth certificate and passport.

When the clerk told her how much the final bill was, she asked if she could pay by check. The clerk just automatically said with out thinking about it said, "Sure, I just need to see your I.D."

Consumer Tips

If you have a door knob that keeps coming loose, tighten up the screws behind the knob again, and then try putting a little clear nail polish on the screw heads. That will keep them from working loose again and it wont show. Also never put oil inside the lock. Always use graphite.

(I am not getting any feed back on this web page so rather than put the tips here each week, I will just let you go there to the web page directly to see what I have added each week, if you are interested in gardening, greenhouses, water storage, fire safety, 72 hour kits or the like....)

Make it a wonderful and happy week!!!!
