## Wisdom For The Week :

When you seek truth, you may be surprised sometimes where you find it.  
When you do find it, don't pass it by because of where you found it.

MoNdAy  FuNnIeS

A man was fishing on the bank of a river where there were lots of other fishermen near by. He hooked a really big one and there was a lot of excitement as he painstakingly and carefully reeled it in so as not to lose it. Finally when he got it near the shore, as it turned out it was just a big water soaked 2 X 4 piece of wood. But by then a big crowd had gathered around to watch the excitement. As he pulled the piece of wood out of the water so he could get his hook out of it, one of the other fishermen called out, "Hay, what did you use for bate, your Home Depot Card?"

## Foggy Windshield?

Hate foggy windshields? Buy a chalkboard eraser and glue a short wood dowel into the side of it for a handle so you can easily reach the whole windshield. Then keep it in the glove box of your car. When the windows fog, rub with the eraser! Works better than a cloth!
