Wisdom For The Week :

The people who reach their goals 100% of the time
are those who never set any. They have a sure thing.

MoNdAy ☺ FuNnIeS

- A successful man is one who makes more money than his wife can spend.
- A successful woman is one who can find such a man.
- A husband said to his wife,
- "No, I don't hate your relatives. In fact, I like your mother-in-law better than I like mine."

- How do most men define marriage? A very expensive way to get your laundry done.
- A little boy asked his father, "Daddy, how much does it cost to get married?"
- And the father replied, "I don't know, son, I'm still paying for it."
- A couple was having a discussion about family finances. Finally the husband exploded, "If it weren't for my money, the house wouldn't be here!"
- The wife replied, "My dear, if it weren't for your money, I wouldn't be here."
- A man said his credit card was stolen but he decided not to report it because the thief was spending less than his wife did.
- The most effective way to remember your wife's birthday is to forget it once.
- Cosmetics: A woman's way of keeping a man from reading between the lines.
- Marriage is grand -- and divorce is at least 100 grand.
- Before marriage, a man will lie awake all night thinking about something you say. After marriage, he will fall asleep before you finish.
