Summary of Life

Last week we did: GREAT TRUTHS THAT LITTLE CHILDREN HAVE
LEARNED:

So here we have the next set for this week.

GREAT TRUTHS THAT ADULTS HAVE LEARNED:

- 1) Raising teenagers is like nailing jelly to a tree.
- 2) Wrinkles don't hurt.
- 3) Families are like fudge...mostly sweet, with a few nuts.
- 4) Today's mighty oak is just yesterday's nut that held its ground.
- 5) Laughing is good exercise. It's like jogging on the inside.
- 6) Middle age is when you choose your cereal for the fiber, not the toy.

Consumer TipS

Subscribers have suggested ways to conserve or save money as a subject for a few weeks. Here is another tip:

We just took a trip by car from Seattle WA to Utah. (sorry to all our friends in Utah that we did not have time to stop... it was down Friday and back Monday.... Next time)...

We have been told all our lives that if you drive 60 you get better mileage.

We have also been told that if you use better gas you get better mileage.

We drove 60 all the way to Utah and 75 (as the speed limit allowed) on the way back. Same gas mileage. I guess these new engines are built to run efficient at any speed. I saw an article on the news about changing the oil every 2000 miles this week too. They said that was true in 1940 but the new engines only need an oil change every 5000 miles. So we are wasting a lot of oil.

But on the up side, we did get much better gas mileage using Chevron type 67 octane gas than AM/PM or Arco type gas. So that part is true. About 10 mpg better.... and the engine runs cleaner because of the additives.

~~~~~  
Send us your tips and I will share them with others. In these times we need to learn to conserve every way we can.... so tell us how you are saving on gas in your car or other ways you have come up with to cut expenses.... Cv
